2. Core System Architecture & Operational Pillars

SeedCompanies.co.uk is a UK micro-venture marketplace and launchpad specializing in pre-validated, low-overhead artificial intelligence service and software businesses. Positioned as the commercial graduation layer following IdeaValidation.co.uk and IdeaToBiz.com, Seed Companies tracks micro-ventures as they progress from initial domain and landing-page verification (V0.1) through first £9 diagnostic sales (V0.5) to recurring B2B retainers (V1.0). Every listed venture includes a category-relevant domain name, a deployed light-theme conversion interface, an automated diagnostic or lead-capture engine, and documented unit economics showing customer acquisition cost versus marginal AI token spend.

3. 5-Step Immediate Implementation Checklist

[] STEP 01	Pass the 6-Filter Reality Gate: Pain + Budget, Reachable List, <4hr Delivery, Proof-First, Low Wrapper Risk, Recurring Need.
[] STEP 02	Deploy a fast static + SQLite diagnostic page before writing complex multi-tenant SaaS code.
[] STEP 03	Offer a self-liquidating £9 digital teardown or toolkit to filter serious buyers from freebie seekers.
[] STEP 04	Demonstrate the outcome upfront ('We Sell It By Doing It') with a live sample tailored to the prospect.
[] STEP 05	Track collected cash (Column Q) separately from marginal LLM API token expenditure.

4. Deterministic ROI & Performance Calculation Formula

Venture Valuation = (Annualised Net Profit £ × 2.5–3.8x Multiple) + Verified Domain & Organic Traffic Equity

6. Key Implementation Questions & Field Notes

- What makes a micro-AI company on SeedCompanies.co.uk 'validated'?
We never value a business on hypothetical 5-year projections. Each asset is graded by concrete milestones: live technical deployment, real search/GEO indexing, visitor diagnostic engagement, and verified customer willingness-to-pay.
- What is inside the free 2-page PDF sent to waitlist subscribers?
It details 10 under-£100 B2B micro-AI business models for the 2026 UK market, complete with pricing anchors (£9 tripwire -> £499 setup) and cold outreach hooks.
- Can I partner to operate a Seed Company instead of buying it outright?
Yes. Skilled operators and domain experts can apply to run specific vertical sites on a revenue-share basis.
